# 100% Daytime Solar!

## TAOS MESA SOLAR ARRAY & BATTERY STORAGE

We invite you to celebrate the commission of KCEC's Taos Mesa solar array and battery storage facility. The project spans roughly 170 acres and has 43,680 solar panels. The Taos Mesa project will power approximately 7,500 homes, not including battery storage and will complete our goal of generating 100% of our daytime power supply from the sun. The 12.5 MW of battery storage will provide KCEC members with reliable and resilient electricity. Please join us for this special event!

Details & invitation to follow. Contact Michael Santistevan for more information, at [msantistevan@kitcarson.com](mailto:msantistevan@kitcarson.com)
