Kit Carson Electric Cooperative Helps Aid Federal Employees During Furlough

Taos, NM - Kit Carson Electric Cooperative (KCEC) is currently monitoring and aware of the potential Federal government shutdown. KCEC will not disconnect electric service for federal employees affected by the shutdown; however, if you require assistance in paying your electric bill, please contact our office. KCEC understands the financial obligations of federal employees during this difficult time. We are here to help our members and the communities we serve.

KCEC will continue to track the status of the shutdown and progress accordingly to assist those affected by government closure.

We thank you for being a valuable member and appreciate you. KCEC understands the value of community and the importance of our members.

Government employees affected must provide a furlough letter to prevent disconnect.
