

# El Rito North Array Solar Facility

## Factsheet

### Project Description

On State Road 522, just north of the Village of Questa, the solar array is 1.5 MW in El Rito, NM . The El Rito North array, which went online in January 2020, consists of 6,048 solar panels.

### Project Status

El Rito North Array - This project is in service. Commercial Operation date 2020.

### KEY FACTS

<b>Size of PV Array AC :</b>	1.5 MW
<b>Number of PV Panels:</b>	6,048
<b>Size of Battery Storage:</b>	N/A
<b>Battery Duration:</b>	N/A
<b>Project Start Date</b>	2018
<b>Projected Finish Date</b>	2020
<b>Projected Cost</b>	\$5,700,000
<b>Fixed PPA Term</b>	30 Years

<b>Location</b>	El Rito, NM
<b>Partners</b>	Guzman, Syncarpha, Youngs Land & Cattle LLC
<b>Fund Type</b>	Purchase Power Agreement
