Kit Carson Electric Cooperative and Guzman Energy Give \$42,000 in Student Scholarships for 2024

Taos, New Mexico – The Kit Carson Electric Education Foundation, the philanthropic arm of Kit Carson Electric Cooperative (KCEC), has awarded \$42,000 in scholarships to 28 local high school graduates of the class of 2024. The Foundation receives scholarship dollars provided by KCEC's wholesale power provider Guzman Energy.

Kit Carson Propane awarded \$3,000 to three student recipients pursuing education in the vocational trades.

Scholarship recipients had applied and demonstrated plans to continue their education and workforce training beyond their high school accomplishments. To view all 2024 KCEC student recipients, visit our website at kitcarson.com.

We are very proud of the young students in our community. The Education Foundation was formed to recognize the importance of ongoing education and workforce training. Scholarships are one way we can show our support and help students succeed. We also wish to thank Guzman Energy, who has been a true partner to the Foundation and supporter of our community.

Since 1997, the KCEC Foundation has awarded \$694,500 in scholarship funds to students throughout its territory, providing financial assistance to students pursuing advanced education and training.

Sincerely, Luis A. Reyes Jr.
