

# 2024 KCEC ANNUAL SUBSTATION MAINTENANCE SCHEDULE

Kit Carson Electric Cooperative's Annual Substation Maintenance is in September. During this time, crews will be conducting preventive maintenance on all substations within the service territory to prepare for the winter months. Please note that there may be unforeseen circumstances which could extend the time needed for system maintenance. This includes maintenance on substations where members aren't affected. Internet services may be minimally impacted as well. Below is the schedule of dates, times, and affected areas for the maintenance of the corresponding substations as part of the planned preventive maintenance for 2024:

## 2024 Substation Maintenance
