Kit Carson Electric Cooperative Helps Aid Federal Employees During Furlough

Taos, NM - Kit Carson Electric Cooperative (KCEC) is currently aware of the ongoing Federal government shutdown. KCEC will not disconnect electric service for federal employees impacted by the shutdown and wants to support those affected. If you require assistance in paying your electric bill, please contact our office. KCEC understands the financial challenges these individuals and their families face. We are here to help our members and the communities we serve during this challenging period.

KCEC and Taos Community Foundation (TCF) have joined forces to provide support to local federal employees who have been impacted by the furlough. TCF is collaborating with KCEC to provide grocery gift cards to eligible individuals.

We appreciate you as a valuable member of our community. KCEC recognizes the strength of the community and the importance of supporting our members.

Government employees affected must provide a furlough letter to prevent the disconnection of electric service. Employees would be assisted in applying for assistance from KCEC's Members Helping Members Program and would receive a grocery gift card donated by Taos Community Foundation Inc.

If you want more information about this topic, don't hesitate to contact customer service at 575-751-9064 or via email at csr@kitcarson.com.
